

Lazar fabrics with the Revolution Performance Fabric label means you've selected a beautiful, soft fabric perfect for your busy lifestyle.

These fabrics are virtually unstainable for life, easy to clean, bleach safe, resist fading in sunlight and have exceptional durability. They are made in the USA with upcycled fibers. Revolution fabrics have no PFC chemicals, no formaldehyde, heavy metals, phenols, phthalates or flame retardant chemicals.

To clean Revolution Performance fabrics, remove any loose debris and blot the stain. Spray water and bleach solution onto stain and allow to soak into fabric. Thoroughly rinse with water until clean. Allow fabric to air dry. For additional information go to Revolutionfabrics.com.
